

Questionnaire about the Script Database of Japan

(<http://db.nkac.or.jp/>)

This investigation asks about the Script Database of Japan (SDJ) published by the Consortium for the Promotion of Broadcast Script Archives in Japan. Your answer is used only for improvement of the SDJ (Our organization uses your answers anonymously for publication of research papers associated with the SDJ).

1. What is your specialized field?

2. Have you seen a Japanese broadcasting program?

YES / NO

(Please reply only if answered YES.)

What is the Japanese broadcasting program / programs that you have seen?

-
-

3. What is the database you usually use? (Name or URL)

-
-
-

4. What is the database that you are content with its maturity and performance?

5. Have you ever used a database about any scripts?

YES / NO

(Please reply only if answered YES.)

What is the name of the database? (Name or URL)

-
-
-

6. Have you ever used a database managed by a Japanese domain? (ex. ~.ac.jp / .go.jp)
YES / NO

(Please reply only if answered YES.)

What is the name of the database? (Name or URL)

-
-
-

7. What are the good points about the SDJ?
8. What data, keyword and metadata would you want to add to the SDJ?
9. Please note any problems on points that are not understood well with the aim of the SDJ's interface, function and metadata.
10. What function do you hope can be for improved with the SDJ?
11. The SDJ aims to be a multi-lingual system before too long. What would you want to prioritize with a multi-lingual database?

12 .If there is a function you want the SDJ to add (even if it can't be achieved due to present technological standards), please write it freely.

12. Please add any comments in the space below.

If it is not an imposition, please write your name and email address.
(Your personal information is used only for this investigation.)
